

Dan Bailey

Vice President

Vice President, Cogent Inc.

Dan Bailey has been employed at Cogent Inc. since graduation from the then University of Missouri-Rolla in 2015. Starting as an application engineer for Lee Mathews (a Cogent company), the company was 40 employees. Dan moved into a sales position covering the engineering firms in Kansas City (Burns & McDonnell, Black & Veatch, Kiewit, etc.) and eventually was promoted to Director Of Engineered Projects. Cogent is now approximately 220 employees and is the dominant pump and process equipment supplier in the states of Missouri, Kansas, Oklahoma, Colorado and Southern Illinois. Dan currently serves as president of Fluid Equipment (a Cogent Company) and Vice President of Cogent Inc., and is a member of the employee ownership group of the company.

Dan earned his bachelor's degree in geological engineering from the University of Missouri-Rolla in 2003 and his master's degree in engineering management from the University of Missouri-Rolla in 2005.

In addition to serving on the Miner Alumni Association board of directors for over 10 years, currently as vice president, Dan serves and is involved in various other organizations. Dan is currently a member of the Fairway, KS city council and vice president of Kansas City Corporate Challenge.

Dan is the proud father of two young girls and married to Wendy Bailey, who is also a Missouri S&T graduate. In his spare time, Dan is an competitive runner and is a member of the Missouri S&T Academy of Miner Athletics.
