

Hilary Zerr

Area 4 Director

Partner, Davidson Architecture & Engineering

Hilary is currently partner and director of civil engineering at Davidson Architecture & Engineering. She leads the civil department, managing projects and clients, designing commercial, industrial, and residential projects all over the US. She has been in her role since 2016.

Hilary previously worked as a structural engineer at Black & Veatch for 5 years. Visited Taiwan, Hong Kong, and Bangkok for the power plant project she was a part of.

Hilary graduated with a bachelors degree in civil engineering and architectural engineering in 2011. She is also a LEED Accredited Profession Professional Engineer.

Hilary has participated in many charity events in the Kansas City area and spend time helping community charities such as Harvesters during CANstruction, Happy Bottom's Diaper Bank, KC Pet Project, and Catholic Charities.

My husband, Chris, CE'08, and I love living in Kansas City and routing for the Chiefs. We had our first baby in 2023 and enjoy watching him grow into a future Miner. I love baking, gardening, and spending time at the lake.
