

Ty Atmaca

Area 7 Director

Project Geophysicist and team lead of the Arizona Geophysics

Department at ATLAS Technical Consultants

Ty is a project geophysicist and team lead of the Arizona Geophysics Department at ATLAS Technical Consultants. They provide innovative and cost-effective solutions to help investigate site structural, geotechnical, geologic, and hydrologic conditions as well as subsurface infrastructure.

Ty earned his bachelors degree in geophysical engineering from Istanbul University in 2009 and his masters degree in geology and geophysics in 2015 from Missouri S&T.

He actively participated in the Houston section before moving to Arizona. He was a member of Rotary Club in Houston and was the team lead for Miner Challenge at Missouri University of S&T when he was a student in Rolla.

As a student, Ty worked at the International Students Affairs and was a member of the Society of Exploration Geophysicists, C.L. Dake Geological Society, International Students Club and the president of the Turkish Students Association.

In his free time, Ty enjoys music, traveling, table tennis and cooking.
